Monee Farm Yields Stolen Cars, Parts

A farm on Schoenstedt Rd., north of Monee, served as a center for a ring of auto thieves, according to the report at the Will County Sheriff's Office.

Sgt. George Bohae, of the sheriff's police, reported that two semi-trailer loads of auto engines, seats, transmissions and other parts were hauled into Joliet Sunday but there were still other parts at the farm.

Besides the parts there were several cars there that were reported to have been stolen between Nov. 16 and 18, from Chicago, Oak Park, Oak Lawn and Hinsdale.

Most of the parts are said to have been found in a block building on the farm. Also there, sheriff's police said, were cutting torches which apparently were used in dismantling the cars.

Behach said the ground of the building was covered with engines, hoods, wheels, doors and bumpers.

The deputies acted on an anonymous tip that new cars

were seen arriving at the barn but none left.

The farm is owned by Tom Crawford, Palos Park, deputies said, Crawford does not live there but is said to come to the place daily to feed his livestock. He was there when the sheriff's police raided the building after having had it under surveillance for four hours.

According to the police Crawford said he had rented the building to a man named Baker but could not remember his first name. Crawford gave police permission to enter the building, which was not locked. Deputies are now tracing ownership of the cars and are also looking for the man called Baker.

The Mokena Village Board has been approached by an Elgin man on a proposal of coming there to pick up junk cars. Several persons in Joliet are said to be in the same business and will be approached.

She is a good mother, and so far at least, has been able to supply her hungry brood with sufficient nourishment. The fact that nine of them have yellow coats and seven have black makes it easy for Mary Loosehen, the owner of Sauk Trail Labrador kennels, U.S. 30 West of Wolf Rd., to keep them fed in turn. She gives the yellow pups contact and then when they have fed she removes them and the black ones take over. Labradors, Mrs. Loosehen said, can be black, yellow or chocolate colored and meet the standards of the breed.

Jr. College Referendum Probable Early In 1967

After months of meetings, discussions and surveys it now appears that the people within the proposed Class I Junior College District, of which the Lincoln-Way High School district is a part, will soon have an opportunity to vote on the question.

At a hearing conducted at Joliet Central High School last week by Kenneth Lemmer, legal adviser of the Illinois Junior College Board, no objections were advanced by any of the more than 100 persons present. The only comment offered was in favor of the district. There were 10 witnesses called all favoring the program.

Lemmer said a transcript of the hearing and a summary would be submitted to the Illinois Junior College Board at a special meeting next Monday, Nov. 28, in the Sherman House, Chicago. If there are no problems, and he does not anticipate any, the board should approve the petition and order that a referendum be held, it was said.

It will then be the duty of Will County Superintendent of Schools Boyd Bucher to call an election and set up the machinery. He would do this, it was said, after first consulting with the county superintendents of Grundy and Kendall counties.

The proposed Junior College District includes the following high school districts: Joliet, Plainfield, Reed - Custer (Braidwood), Wilmington, Lockport and Lincoln-Way in Will County; Minooka, Morris, Mazon, Gardner-South Wilmington and Coal City in Grundy County, and Newark in Kendall County.

According to law Supt. Bucher would be required

to call the election for a date not earlier than 40 days nor later than 90 days after the date approval was given of the petition by the state junior college board. If the petition is approved next Monday the earliest the referendum could be held would be after mid-January or it could be held up until March. It is understood that proponents of the college plan will endeavor to pick a time for the referendum that they feel would be most auspicious.

According to James Grumley, a certified public accountant and member of the finance committee of the junior college survey group, the proposed district has a valuation of \$836,286,132 and it was his considered opinion that with such a valuation a tax rate of 9 1/2 cents per \$100 equalized assessed valuation would be ample to support the proposed Junior College District. This would be broken down to 7 1/2 cents for the educational fund and 2 cents for the building fund.

No one has said yet where the college would be located but it is generally assumed that it would be in or near Joliet. One of the witnesses said it would be a "commuter college."

The district as outlined is about 40 miles long from east to west and about the same distance north to south.

The present Joliet Junior College is located in the Joliet Central High School building and has an enrollment of some 2,000. Educators recommend that if a new junior college is approved that it have a separate campus.

Under the new Junior College District Act high school districts not a part of a junior college district must pay tuition for all eligible persons within the high school district who attend junior college, even if it requires expenditure of monies from the high school education fund.

For junior college district to carry it must have a majority of the vote cast in both the urban and non-urban territory. If the district carries there will be another election to choose a junior college board of education and then another on a building bond issue, if was said. It was stressed at the meeting that a junior college was necessary if the area wanted to continue to attract industry.

After the regular business

meeting of St. Michael's Altar and Rosary Society last Nov. 8th, Sue Harrison of the Northern Illinois Gas Co. showed a film on Cooking the French Way. Everyone present received a copy of The Whirlpool Menu Cook Book. The movie was enjoyed by all and as they looked through the cook book you could hear the women saying "this one sounds good, think I'll try it tomorrow night."

"Fashion Fun 'n Games" was very successful. Mrs. John (Marilyn) Karner had an especially good time as she won the weekend for two at Lincoln Lodge in Dixon, Ill.

The December meeting will also be the night of the Christmas party. The program for the evening will be sung by the De Andries Seminary Glee Club.

The Seminarians are trying to get a badly needed new bus with S&H Green Stamps and we'd like to help them as a surprise. So please bring any trading stamps (especially S&H) you can possibly spare to the Christmas party Dec. 13, at 8 P.M. in the school auditorium. And don't forget to bring a wrapped \$1.00 grab bag gift.

Beginning with this Sunday, members of Christ Lutheran congregation will observe the special penitential season of Advent. Just as Lent precedes Easter, and helps Christians prepare for entering into the true joy of the Resurrection, Advent precedes Christmas and helps Christians understand more fully why Christ enters the world of human affairs. The season of Advent consists of the four Sundays prior to Christmas. In addition to the Sunday worship Christ Lutheran congregation will make use of four special midweek Advent worship services in order to prepare members for the coming of the Christ. The dates for the midweek ser-

vices will be Wednesday evenings at 7:30 P.M. (Nov. 30, Dec. 7, 14, 21). The Orland community is welcomed to attend these special Christian worship opportunities.

Physically the Orland Center School exists in some rather wide open spaces. One day, however, this same building should be surrounded by green vegetation. Each year more trees and shrubs are being planted to provide an eventual windbreak that should slow the child-moving forces of nature to a gentle movement of attractive vegetation.

Recently, Mr. and Mrs. Frank Holda of 167th Street and 108th Avenue, were kind

enough to present to Orland Center School a variety of 45 trees. Many of the trees are of the spring-flowering type - wild plum, a variety of sour cherry, choke cherry, red maple, soft maple, and Chinese elm.

The boys and, surprisingly, some girls voluntarily during their recesses, dug the holes in which many of the trees were planted. It is no surprise that of these trees not one has as yet been damaged by unwise children's play activities. In fact the children are rather anxious for Spring to come to see if their efforts will be rewarded by green leaves and spring blossoms.

Thursday, Dec. 1, is the day set aside for the monthly Day of Devotion to be held at the Community Center Foundation. This is an inter-denominational experience of sharing in discussion and worship.

The Reverend Raymond H. Kirk of the Worth Methodist Church will be this month's resource leaders.

The hours are from 10 until 2 and any one who is interested in participating is welcome to attend. It will however, be necessary for those attending to bring their lunch with them.

Mokena Dept. Host To Firemen; N.L. Next

The Mokena Volunteer Fire Department was host to the Des Plaines Valley Mutual Aid Association last Thursday night, Nov. 17. The meeting was held in the fire

house. Chief Robert Rust, of the Mokena department is president of the Association this year.

Lt. Ed Wagner and Fireman Ed Brown, of the Chicago Fire Department's Arson Squad, gave short talks and demonstrated various types of devices that arsonists are currently using.

Food, prepared by the Mokena department's Ladies Auxiliary, was served by the local firemen.

The next meeting is to be held at New Lenox.

Members of the Association come to each other's aid whenever the need arises, thus enabling a department to put a large number of men on a fire, which one department would be unable to do if left to itself.

Lincoln Estates Regularly GOP, Declares Swatek

Albert R. Swatek asks a correction of a newsstory that appeared in the edition of Nov. 17 dealing with election results in Precinct No. 5, Frankfort Twp. (Lincoln Estates). The story said this for the first time since its inception.

"I had the honor of being Republican committeeman from 1960 until the fall of 1964," Mr. Swatek said, "and Precinct #5 never failed to record a Republican majority during this time, for which I thank the voters."

Frankfort To Start Auto Tag Sale Dec. 1

Village vehicle stickers for 1967 will go on sale Dec. 1 at Frankfort, Village Clerk Walter Pfaff announces.

The price is \$5 for passenger cars; \$5 for one-ton trucks; \$7.50 for trucks of less than 24,000 pounds; \$10 for trucks over that weight, and \$3 for motor scooters.

Beginning Feb. 1 car owners who have not purchased stickers will be held delinquent and the prices will be

double those effective Dec. 1.

This year was the first that Frankfort has sold vehicle stickers but it did not go into effect until the late spring. The license fees are used to apply on the maintenance of village streets.

Last year, Pfaff said, the village sold 792 stickers for passenger cars. The licenses will be sold at the village hall.

Water Meter Readers Have Their Problems

A short course in mining might be in the cards for water meter readers at Frankfort.

At the village board meeting Monday night it was brought out that one of its customers has his water meter in a coal cellar and as of the moment it is covered by some six tons of coal.

Whether this would require sinking a shaft, a tunnel or the strip mining method to reach the meter was not resolved. But the board did come to a conclusion. If the reader is not given access to the meter the village can shut off the water.

Village Clerk Walter Pfaff brought up another problem. A water customer refuses to let the meter reader in, he said, unless he takes his shoes off.

(A) Included in Orland Park District #135 enrollment.

The 1964 Freshman Class at Sandburg totaled 410 students and the 1965 class totaled 426 students. The 1966 Freshman Class should approximate 425 students.

The 5% rate of growth per class per year is consistent with past experience in the school district. This is the factor that allows for new housing starts. It is impossible to actually pinpoint the growth as it may occur in any specific area during the next eight years but applying the factor to all students in all schools there is a balancing effect.

Blend Price For Milk Is Up Over September

Dairy farmers selling milk through Pure Milk Association's Chicago market pool will be paid a blend price of not less than \$4.90 per hundredweight on all milk delivered in October to plants located in the marketing area defined in the

former Chicago Federal milk market order.

This was announced now by J. L. Cook, supervisor of the PMA market pool, who reported the October blend is 3 cents per hundredweight higher than in September, 20 cents over August, and 50 cents over July.

Contributing to the October producer price rise were higher prices paid for milk used for Class I and Class II purposes, and a slightly lower average daily production.

The \$4.90 is a blend of the \$5.22 per hundredweight paid for Class I (bottled) milk; the \$4.34 per hundredweight paid for Class II, used mainly for cottage cheese; and the \$4.40 per hundredweight paid for Class III, used for ice cream, butter, cheese and nonfat dry milk, in October.

The October Class I price is 12.6 cents per hundredweight higher than the average September Class I price. Compared with September, Class II is up 8 cents, and Class III is 7 cents per hundredweight less.

Utilization of milk in Class I in the PMA market pool

was 67 percent in October compared with 69 percent in September. Total milk produced for the PMA pool in October was 235,986,219 pounds.

In addition to the \$4.90 marketing area blend price, producers who farms are located in Zones A and B of the old Chicago Federal order will be paid premiums of 9 cents and 7 cents per hundredweight, respectively. The marketing area blend price prevails in Cook and DuPage counties and adjoining townships in south-

eastern Lake, eastern Kane and northern Will counties, Ill.

Competition for supplies has resulted in still other premiums being paid producers in many sections of the Chicago milkshed.

On October milk the butterfat differential was 8.3 cents. This compares with 9 cents per hundredweight in September. The butterfat differential follows the average wholesale price for 92-score butter on the Chicago market.

The group attended briefings given by the Naval Academy's superintendent, Rear Admiral Draper L. Kauffman, USN; the dean of admissions, Dr. William S. Shields; and the candidate guidance officer, Commander Augustus B. Cheatham. The briefings, centering around the entrance requirements and curriculum, also explained the Academy's "academic revolution" which has resulted in a modernized and expanded curriculum suitable to the Nuclear Age; a broad program of electives for midshipmen; and a strengthening of faculty standards.

The educators were invited to Annapolis under the Academy's "Blue and Gold" program, which was instituted to give high school educators greater insight into counselling prospective candidates to the Naval Academy in their hometown areas. During the 1966-67 academic year, more than 1600 educators from throughout the United States will participate in the program. Each of the educator groups are accompanied by selected Naval Reserve Officers who serve as Naval Academy Information Officers in their home communities.

Cars Deadly As Guns
To Illinois Wildlife

(Forest Preserve
Nature Bulletin)

The Jains, a religious sect in India, take a vow "not to kill". A Jain wears a cloth over his mouth for fear he might unknowingly swallow a gnat or a fly, and carries a broom to whisk small creatures from his path. We Americans go to the other extreme. We brush off the fact that, on our highways, we have carelessly killed and crippled more of our own people than two world wars. But that is not all, Highway traffic is a major cause of death to our wildlife.

Until the advent of the automobile, a few animals lost their lives on public roads. Occasionally a turtle or a snake was injured or crushed in the horse-and-buggy days, but rarely a bird or mammal. The Model T Ford and its contemporaries, with an average speed of 25 miles per hour on the gravel and dirt roads of their time, ran down a few rabbits, possums, skunks and roving house cats blinded by their headlights, but there were few daytime casualties except sparrows, red-headed woodpeckers, and farmers' poultry.

Then, during the 1920's, much of our present network of paved highways was built. In the late twenties, fast cars and trucks began to appear in numbers and, presently, most traffic was moving at 50 miles per hour, more or less. Then, a sharp upturn in the traffic kill of

Mr. and Mrs. Fred Schinkowski entertained guests at a supper Sunday evening in honor of their 45th wedding anniversary. Guests included Mr. and Mrs. Harry Miller, Mrs. Wm. Seemann, Mr. and Mrs. Orville Schinkowski and family, also Terry Larson, Mr. and Mrs. Roger Corp and son John of New Lenox.

wildlife began, which continues to increase.

The first study of this traffic hazard was made by W. P. Flint of the Illinois Natural History Survey. He kept year - round records during 1930, 1931 and 1932 of all wildlife and livestock killed on a 25-mile stretch of state highway between Urbana and Oakwood, Ill. An average of one dead animal per day was found on each two miles of pavement. From April to October were the peak months. Of the total, almost half were English sparrows, approximately one-tenth were chickens, one-tenth were rabbits and one-tenth were gophers. Less than one-third were species useful to man: songbirds, domestic poultry, game animals and fur-bearers.

Another study of this toll of animals was made on Cook County highways in 1946 and 1947 by forest preserve naturalists. A day-to-day tally of the casualties among the larger forms of animal life was kept for a total of 21,000 miles about equally divided between highways in rural regions, thru suburban towns, and those traversing or bordering our forest preserves. For various reasons but principally on account of the large volume of fast traffic on the many 4-lane pavements, it was not possible to count small animals such as mice and songbirds, or even larger ones. Others were thrown off the pavement or, badly injured, crawled away to die. We may have seen only a fifth or possibly a half of the total.

Even so, here the picture is much different than in rural downstate Illinois. Rabbits were by far the most numerous, followed by squirrels, cats, possums and skunks -- in that order. On roads thru suburban towns and rural regions, the percentage of cats killed increased sharply. Dogs, raccoons, gophers, groundhogs, mink, muskrats, a few weasels, and even one red fox, were the other large mammals counted. Pheasants, because of their size, were the most common birds found killed. Domestic poultry was uncommon. It was found that the annual kill by traffic of game and fur-bearing animals, on highways passing thru or bordering our forest preserves -- a minimum of 3000 animals -- is about the same, per square mile of land, as the annual kill by hunters and trappers in downstate Illinois. To wildlife, the automobile is as deadly as the shotgun.

I can't even say "Polymerized"!

Don't try to say it. It's perfectly polite to point at new polymerized Devoe Wonder-Tones. We have to call it "polymerized." That's the only word there is for Devoe's process of chain-linking vinyl molecules to give you amazingly improved 1-coat hiding power and durability in always-wonderful Wonder-Tones. If you insist on saying it as well as buying it, try: puh-LIM-uh-rise.

Honor Roll Lists Thirteen Students

MRS. EDWARD HOVI
Telephone: 479-5740
Thirteen students of Arbury Hills School have made the HIGH honor roll this first grading period.

The honor roll qualifications require exceptional grades in Reading, Spelling, English, Arithmetic, Social Science, Science, Music, Art, Physical Education. Due to the nature of the course the grades are "Weighted."

The students, who by their efforts, achieved this honor are:

Brenda Allred, Claudia Cullison, Russ Dickerson,

Jan Karkos, Nan Kronick, Larry Larsen, Jan Maschmeyer, and Ruth Terracina (Home room - 8th).

Also: Albert Behnke, Susan Kilgore, Harry Kronick, Stever Peterson, and Steve Smith (Home room - 6th).

... Those students with a strong "B" average are: Tom Tanis (home room 8th).

Kathy Livingston, Judith Wenk, and Greg Brewster (home room - 7th).

Debbie Broekstra, Gail Chesnut, Gayle Ferro, Ed Heise, Marlene Miuccio,

Lisa Monson, Carol Polfer and Blake Tekotte (home room - 6th).

The Administration and the Staff are very pleased with the effort these students have displayed the past 9 weeks.

The Arbury Hills Civic Association will hold their November meeting at the school on next Tuesday evening, Nov. 29, at 8:00 P.M.

This will be a full meeting, since there have been no meetings of the group since last May. There will be the appointment of a nominations committee for the elections in January, and the beginning of the annual membership drive. Please remember that only members in good standing are eligible to vote in the elections.

The Summit Hill Parent-Teacher Group will have their second full length movie held at the school next Saturday afternoon, Nov. 26, beginning at 1:00 P.M. until approximately 3:00 P.M.

The cost for all ages will be 50¢ per person, and no pre-school age child will be admitted without begin accompanied by a responsible person, older brother or sister or parent.

You are also asked to leave your appetite and goodies at home, so that there will be a minimum of clean-up necessary after the movie is over.

The movie scheduled for this show is "Misty," a film suitable for all ages in the family.

The boys basketball team, both lightweights and heavyweights, from the fifth through eighth grades were victorious in their encounter with the boys from the Calvin Grove Grammar School. The grounds of the Summit

Hill School are shaping up nicely, thanks to the generosity of several residents to the school district. There were more trees and shrubs donated recently by Mrs. Nyder and Mrs. Homer. Next spring should show the fruits of the labors in the beautification of the school grounds.

The open house held at the school during the National Educational Week proved successful, with a large number of parents availing themselves of the opportunity to see the progress of the school over the past six years in the new building.

Also during that same week the first report cards were posted. The position on the honor roll is established not only through excellence in academic subjects, but also to a lesser degree in music, art and physical education.

There has been the establishment of a system of student passes which the pupils are to have to explain their presence in the school halls while classes are being held. This method will limit the number of students in the halls.

Mr. Avila, the superintendent of the school, wishes to remind the parents that the amount of governmental school aid is based on the day to day attendance of the pupils, not on the number of children enrolled. If children are kept out of school unnecessarily, there is a financial drain on the school, as well as the educational loss to the child himself.

The Summit Hill School will be on the Lincoln-Way High School Snow Program this year. In other words, if Lincoln-Way High School has to close on a specific day due to snow, the Summit Hill School will also close, since the two bus routes for both schools are identical.

Mrs. Pat Kronick who has been secretary-bookkeeper for the school is being replaced by Mrs. Dorothy Griffin, as Mrs. Kronick is moving out of the area.

The teachers were able to purchase some of the extras

for their classrooms, such as; phonographs, recordings, and visual aids, since the Parent-Teacher Group contributed a sum of money to be used for these extras.

The eighth grade will have their monthly bake sale at the school next Saturday, December 3. These bake sales each month are to help finance the annual class trip to Springfield. Let your sweet tooth be a good samaritan.

The lunch program at the school its running smoothly after the initial kinks have been ironed out. The mothers have been cooperative and the youngsters are becoming used to the idea and are settling down also.

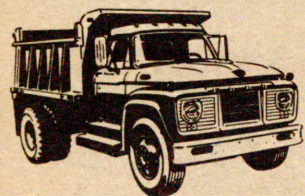

Chris Hayden, son of Mr. and Mrs. John Hayden on Pine Avenue is celebrating his birthday with a roller skating party in Tinley Park with some of his friends.

The secretary's book of

the Arbury Hills Baby Sitters Cooperative will be given to Mrs. Edward Hovi on Dec. 1. The book will remain there until further notice. Any member needing a baby sitter after Dec. 1 should contact Mrs. Hovi at 479-5740 at least twenty-four hours in advance of the date needed.

The Junior Girl Scout Troop, under the leadership of Mrs. Dorothy Dickerson and Mrs. Evelyn King, are in the midst of their Christmas project. The girls are making hand sewn items for the retarded children at the Dixon Home. They are also making some items for the older residents of the Dixon Home.

The First Nighters will have their December meeting of the group at the home of Mrs. Rose Menzer on Oak Street, next Thursday evening, Dec. 1, beginning at 8:00 P.M.

Spring shrubs in full bloom make a dazzling display but the fall garden cal also have interest.

While usually not as brilliant as spring bloom, distinctive foliage, fruit or branching can still be interesting enough to command attention in the fall landscape.

A good example of a plant with fall interest is the American witch hazel. It's of special interest because it's the last shrub to bloom in the fall. Bloom time can occur from late September to early winter. Cut branches of the yellow-orange flowers and seed pods can be brought into the house for woodland arrangements. The seed pods which stay on the shrub until fall, open in the warmth

of a home. The sharp report of the exploding pods is of considerable amazement to children.

The witch hazel will thrive in shade, but the blooms are more numerous in the full sun.

Another plant for the fall garden is the winged euonymus. This shrub is also called burning bush or spindle tree. The tiny white flowers don't amount to much. However, in the fall it commands full attention. The leaves are among the first to turn color. First they are light pink. As the weeks of fall pass, the color becomes a deep scarlet. After the leaves have fallen, the reason for the spindle tree name becomes apparent. It is at this time that the long corky ridges or ribbons along each twig become apparent. The ridges which are two to four in number give the branches a somewhat linear corrugated effect. The shrub may be used as a dense twiggy hedge, as a winter conversation piece at an entranceway, or in informal groupings in front of taller fall blooming witch hazel.

Cotoneasters are another group of overlooked shrubs. One member, the multiflora cotoneaster, is a particularly showy shrub in both spring and fall. As a large billowing shrub it reaches a spread of ten to twelve feet at maturity. The pea sized red fruit cover the large shrub so completely that the shrub appears to be in full fall bloom. Birds use the dense shrub as a nesting site and fall berries attract still other birds.

Plan Sports Show In DuPage County

After attending sports shows for a number of years only to find them dominated by one or two of the major fields, a group of Chicago-land business men have arranged to stage a true Sports Spectacular. It is to be held at the DuPage County fairgrounds, Wheaton.

Live demonstrations and instruction will be provided on a continuous basis in every area of sports, recreation and physical fitness. They include baseball, football, basketball, tennis, judo, hockey, fencing, bowling, karate, skiing, skin and scuba diving, golf, volleyball, archery, trampolining,

swimming, diving, badminton, ice skating, camping, fishing, casting, boating, wrestling, weight lifting, hunting, shooting, curling, polo, weight control and water safety devices just to mention a few.

A host of professional and amateur personalities will be on hand to provide the demonstrations and instruction, sign autographs, answer questions, etc. The daily program will be published in all area newspapers.

A miniature ski hill, an above ground swimming pool, a glass sided watertank for skin and scuba diving,

a full size batting cage, a pitching machine, golf cages and equipment, trampolines and a variety of other items will be erected at the show to support the demonstration program.

Strict limits have been set on the items and lines presented by exhibitors. Only three exhibitors will be allowed in any one area. Some areas have already been filled.

Special events and public participation contests will be held each day. A three-day bike race for 3, 4 and 5 year olds on tricycles, a

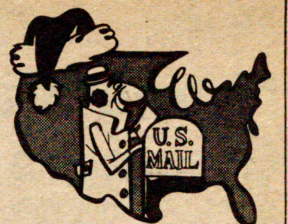

modern day marathon dance contest, shooting contests, batting contests, pitching contests and an archery match have already been planned.

A queen contest will be held prior to the actual opening of the show with the qualifications being physical, mental and moral excellence as well as certified participation in organized sports, recreation or physical fitness programs.

Awards will be presented to area schools with the most comprehensive physical fitness program. This will be judged by a panel of area

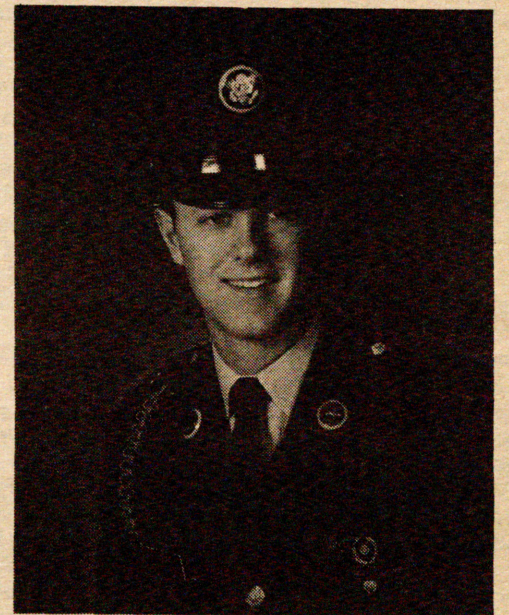

coaches.

Individuals, organizations desiring to participate in any portion of this presentation may write or call John D. Lamon, Creative Marketing Associates, 800 S. Circle Ave., Forest Park, Ill. - or phone 848-2100. The dates will be announced later.

Tests Show Shifting Lanes No Time Saver

Everybody who drives is familiar with the impatient motorist who skips from one lane to another on high-speed, multi-lane expressways.

This shifting back and forth is supposed to save considerable time, but, according to Chicago Motor Club traffic safety experts, things don't quite work out that way.

In Los Angeles, the American Automobile Association recently conducted an experiment in which an expert driver took a test car and drove over an inbound expressway during peak morning traffic. He switched

lanes 57 times, followed another car too closely 48 times and went over the speed limit 17 times.

How did he make out? Well, he got to his destination 25 seconds ahead of the driver who stayed in his lane and did not exceed the maximum speed limit.

Gordon Lindquist, director of the Chicago Motor Club's safety and traffic engineering department, said these tests point up most vividly that the time saved by lane-switching maneuvers is hardly worth the serious risk involved

Change Honor Roll Grading At Mokena

For the new school year 1966-67 the faculty of grades 6 thru 8 have developed a new honor roll plan. In the past eligibility for the honor roll was based on a point system.

With the new system eligibility will be determined

by the possible combinations of letter grades in their various subjects. No student will be eligible for the honor or high honor roll if they receive a "C" or a "U" on their report card. The change in the honor system was needed because of

changes in the curriculum offerings, it was explained.

The new honor roll for the first grading period is as follows: HIGH HONOR - Pam Carlson, Cheryl Miller, Steve Ennis, Marilyn Yunker. HONOR ROLL - Duane Fant, Carol Wagner, Julie Ennis, Marty DeVault, Janet Tyler, Terry Ryan, Steve Mannell, Mark Demus, Susan Dixon, James Ihde, Karen Rauch, and John Mannell.

Women's Fellowship Has Bazaar Nov. 29

Telephone: 479-9321

The Women's Fellowship of St. John's United Church of Christ of Mokena will have their annual Christmas Bazaar and Luncheon on Tues. Nov. 29. There will be handmade items for sale as well as a country store with Homemade bakery and candy. The Luncheon and Bazaar will start at 11:30. Luncheon will be served until 1:30. There will also be a school luncheon for the children. Everyone is welcome.

Miss Elizabeth Lehmann, daughter of Mr. and Mrs. F. G. Lehmann, 11003 Carpenter, will perform in a folk-singing duet for "Club 13", an annual all-campus variety show to be held at MacMurray College, Nov. 19, at Jacksonville, Ill.

The show is sponsored by the Women's Physical Education Club.

Miss Lehmann, a senior French major, has been active in the Choir and MacMurray Singers and the tutorial program.

Several Will County stockmen and farm youths will be among many from Illinois who will be exhibiting this year at the International Live Stock Exposition to be held in Chicago, Nov. 25 - Dec. 3.

Those from Mokena are John Chestnut, Jr., David Ebert, and Masasovic's Oxo Ranches.

When Cub Scout Pack 39 met for its monthly meeting the colors were presented by Mrs. June Gillette's Den 3.

A skit on exploring outer space was presented by Den 4, Mrs. Louise Kappel, denmother. Songs were led by Den 5 with Mrs. Eleanor Wrath and Mrs. Carol Homerding as denmothers. Handicraft items were shown by Den 2, Mrs. Bernie Rinke and refreshments by Den 1, Mrs. Berni Leonard. Games were under the supervision of Clinton Kraus.

An announcement was made at the meeting that the group will go caroling on Dec. 16 in the community. They will meet at 6:45 p.m. at the Methodist church. Following the singing of Christmas carols they will return to the church for refreshments.

The pack is now in the process of selling candy for the holiday seasons at one dollar per tin. The type of candy being sold includes Cashews, Crunch and Peanut Crunch. A house to house canvass will be conducted.

Awards at the recent meeting were presented to: Jeff Foose and Paul Wellman, assistant denner bar; Niel Holloday, wolf badge, gold and silver arrow, Jay Homerding, recruiter badge; Richard Hughes, lion badge, gold and silver arrow; Steven Kappel, and Tommy Leonard, denner bar; Jerry Kershaw, wolf badge and gold arrow; Robert Kosiara, bear badge and gold arrow; Donald Lindberg, recruiter badge; Ken McGivern, recruiter badge and strip and David Rinke, recruiter badge.

Two Scouts, Mike Rinke and Richard Hughes, were promoted from Cub Scouts into Webelos. Each were presented a Boy Scout handbook.

George Farmer has accepted the chairmanship of the Pack and will replace Lloyd Tomany who has served in this capacity for the past three and a half years. He will continue in another branch of scouting.

The annual Pack Christmas party will be held Monday, December 14.

ULTIMATE CITY—"Frankly, I haven't heard a good explanation of what the demonstration cities concept really is," said Rep. Chester Mize (R-Kans.). "Until I do," he added, "I will have to say with tongue in cheek that it must be an effort to demonstrate that, in the cities you can pile federal aid upon federal aid until you build a complete federal city, which belongs entirely to the taxpayers but which has no taxpayers to keep it going."

URBAN RENEWAL VOTE—In submitting an amendment which would have allowed communities with 150,000 persons or fewer to vote on urban renewal, Rep. Florence Dwyer (R-N. J.) says: "This is not an anti-renewal amendment... All too often, however, the people of a community have been the missing ingredient in urban renewal. The people have a right to know and to participate in making the community's decision about urban renewal, and urban renewal needs the enlightened understanding of the community."

Don't be a conversation dropout. Graduate to the News.

Does the daily round of show-and-tell leave you at a loss for words when hubby drags home from the office?

Runny noses, scabby knees, and dirty dishes *aren't* the best stimulus for intelligent conversation.

But we can suggest something that *is*. The Chicago Daily News. A subscription delivers the outside world right to your doorstep.
